1998 Lanthorn

This Is The True Joy In Life,
The Being Used For A Purpose
Recognized By Yourself As A Mighty One;
The Being A Force Of Nature Instead Of A Feverish,
Selfish Little Clod Of Ailments And Grievances
Complaining That The World Will Not
Devote Itself To Making You Happy.
I Am Of The Opinion That My Life
Belongs To The Whole Community
And As Long As I Live It Is My Privilege
To Do For It Whatever I Can.
I Want To Be Thoroughly Used Up When I Die,
For The Harder I Work The More I Live.
I Rejoice In Life For Its Own Sake.
Life Is No "Brief Candle" To Me.
It Is A Sort Of Splendid Torch Which I Have Got Hold Of
For The Moment, And I Want To Make It
Burn As Brightly As Possible
Before Handing It On To Future Generations.

George Bernard Shaw

EVENTS — 1958-1959

1. One of the first events of the year is Homecoming. It has been a tradition, on this day, to decorate the dormitories and fraternity houses for a prize awarded that evening when the Homecoming Queen is crowned.
2. At Thanksgiving formal attire is bought for the Formal Thanksgiving Dinner.
3. A "firedrill" early in December awakens the females and calls them downstairs when they "ooh" and "aah" at the sight of the beautifully decorated Christmas tree and parlors.
4. Before semester exams — students with bulging pockets full of pennies find their ways to the fish pond in the middle of which there is a frog pedestal. There we find pupils trying to make their pennies land on the pedestal because it will bring them good luck.
5. May Day — upperclassmen females find fresh spring flowers at their doors which are put there by freshman females. A Queen is picked later in the day and is given the Seat of Honor at the Junior Prom.

DOWNTOWN

When the workload is light, or the weekend is here, 21-year-old SU students can often be found at what is commonly called "Downtown." This includes bars such as Mr. Kelly's, Knockers, Russell's, the Brewery, the Hotel, BOT'S, and BJ's. With fifty cent drafts, pool, and a jukebox what better entertainment could anyone ask for!

FALL FRENZY

Fall Frenzy is an event that occurs every September. This year's theme was a "Beach Party." Located between the Campus Center and Aikens were three hot-tubs, twister, the band, miniature golf and the picnic. If you weren't there and didn't get "laid," you missed the last fling of summer!

HOMECOMING

Homecoming is a time for pep rallies, parades, floats, sports, kings and queens, and fun here at S.U. There is no better time to hang out with friends, catch up with alumni or take in the S.U. school spirit. Congratulations to our king and queen Phil Dipisa and Sondra Ferraro.

Campus Bookstore

Degenstein Campus Center is the central location for all your needs. The upper level is Evert Dining Hall (AKA: "the Caf"), private dining rooms, meeting rooms, information desk, residents life, public safety, the art gallery, a theatre, and Mellon Lounge. In the lower level students enjoy Encore Cafe, the game room, the bookstore, mailboxes, the Crusader Office, WQSU radio station, offices for communication professors, the Student Government Association Office, Career Services, PRSSA and Lanthorn office, a computer lab, multicultural office, Charlies, and rooms used by the theatre department.

FALL SEMI-FORMAL

SU students could be found "Under the Stars" at SAC's third annual Fall Semi-Formal. Over 300 attended the dance, held in Evert Dining Hall, which was transformed into a star-filled night sky. Students danced to music from the 60's through the 90's, provided by Lite and Sound's DJ Tom Sauers, and left with a candle memento of the evening and memories.

FAMILY WEEKEND

The last weekend in October almost always marks Parents Weekend. It is a day spent giving parents the grand old tour of SU, attending an exciting football game against Lycoming, going out for dinner and then over to Weber Chapel to see the wonderful Fall Musical.

SMITH HALL

This has been a somewhat hectic and rowdy year for the freshman residents of Smith Hall. They've lived through numerous middle-of-the-night fire alarms, and had fun with activities such as "Singled Out". However, throughout all of the chaos, trouble, and fun of the year, many friendships were formed that will last a lifetime.

HASSINGER HALL

According to the freshman residents of Hassinger Hall, they have it all — air conditioning, an elevator, co-ed floors, and an awesome view of the football field. In addition they are just a few steps away from the library and the gym. The only downfall — it is quite a hike to the cafe and of course the fraternities on weekends. Hassinger is more than just a bunch of friends living together. Hassinger is home away from home. It's where many long lasting friendships are formed that will last forever!

NORTH HALL

The women, that have graduated this year who lived in North Hall their freshmen year are very unique and special for one reason - they were the last generation known as the "mini girls". But they are not the last ones who will put up the old metal beds and falling apart dressers. The cramped courters of North may be annoying at times, but they form many close friendships. After the renovations are finished, the look of North Hall may change, but it will always be "mini" to the class of '94.

REED HALL

For upperclassmen who love to be close to everything, Reed is the place to be. In the heart of campus, Reed is close to the campus center, classes, and just a short walk from the gym, library, and the fraternities. Reed is also a place where you can get a lot of work done when it is calm in the huge study lounge. The residents of Reed like living there because it is fun and gives them a chance to live with a variety of different people.

AIKENS HALL

The 1997-1998 school year was one of excitement for the residents of Aikens. They had barbecues, ice cream socials, their own hall banner, and a hallway decorating contest. Aikens is also full of a mixture of different people including a variety of Greeks, athletes, intellectuals, and people ranging from freshman to seniors. It was a very memorable year for these residents. One full of fun, friends, and memories.

WEST HALL

The 1997-1998 school year was one marked by both moments of turmoil and relaxation for the residents of West. There were several incidents involving vandalism and one especially memorable one involving a fire in a phone booth. Although the year was chaotic at times, the residents enjoyed special events organized by the resident staff including barbecues and ice cream socials. Residents also enjoyed watching soccer and lacrosse games on the front lawn during their free time.

SASSAFRASS

The Sassafrass housing, also known as Shobert, Roberts, and Isaacs, isn't your typical every day dorm at Susquehanna. Here you'll find upperclassmen living in suites and apartments. Living in Sassafrass is almost like living at home except you don't have to cook your own meals or clean your own bathroom. The people who live in Sassafrass are like family. They are close friends who have made living together a memorable experience.

SEIBERT

Seibert is probably the most non-typical dorm on campus. With the model classroom, Issacs auditorium, offices of professors, and the computing center right below the living area, this can cause the need to be quiet. That is the reason for the 24 hour quiet hours. However, this doesn't stop the residents of Seibert from having fun. They have a huge two story lounge where many activities are held such as pumpkin decorating at Halloween. Seibert is also where some of the project and international students live. With the diversity of individuals in this dorm, living there is quite interesting as well as fun.

Sports

Sports — 1937-38 Good Sportsmanship For Students and Others

"Sportsmanship is the quality of honor that desires always to be courteous, fair, and respectful, and it is interpreted in the conduct of players, spectators, coaches, and school authorities."

— Fielding H. Yost.

College students should set a good example in the matter of sportsmanship and should condemn unsportsmanlike conduct on the part of either other students or adults. To this end they should —

1. Remember that a student spectator represents his school the same as does the athlete.
2. Recognize that the good name of the school is more valuable than any game won by unfair play.
3. Respond with enthusiasm to the calls of the cheerleader for yells in support of the team, especially when it is losing.
4. Learn the rules of the various athletic games so that either as spectators or critics they will be intelligent.
5. Accept decisions of officials without questions.
6. Express disapproval of rough play or poor sportsmanship on the part of players representing the school.
7. Express disapproval of any abusive remarks from the sidelines.
8. Recognize and applaud an exhibition of fine play or good sportsmanship on the part of the visiting team.
9. Be considerate of the injured on the visiting team.
10. Insist on fair, courteous, and truthful accounts of athletic contests in local papers.
11. Be familiar with the college rules of eligibility and support their strict enforcement.
12. Encourage the full discussion of fair play, sportsmanship and school spirit through class work and extra-curricular activities in order to discover ways by which students and schools can develop and demonstrate good sportsmanship.

FRATERNITIES — 1952-1953

1. "The Fraternity Senate of Susquehanna University"
— governing council of fraternity activities. Purpose:
The senate aims to maintain harmony among the fraternities, to provide a forum in which the problems connected with fraternity life may be discussed, to improve fraternity life on the campus, and to strengthen the financial and administrative aspects of the fraternity houses.
2. Rushing:
 - Freshman may not enter any fraternity house from the first day of classes until the first day of rushing.
 - There is preliminary registration of these freshman who expect to be rushed by the fraternities on a day several weeks before the rushing period begins, so that each house may have the opportunity to consider whom it will rush.
 - There is a nominal fee charged to the rushees to help defray the expenses of rushing.
3. The annual smokers in the houses are a concern of the senate and it imposes restrictions if it seems expedient.
4. Fraternities rotate each year in priority of smoker.
5. No smoker is held less than two days before pledging.

Faculty — 1941-42

Important Suggestions

It is a well-known fact that large numbers of freshman flunk out of American colleges during their first year because they have never learned the fundamentals of study. College study demands are much more severe than those of high school. A minimum of two hours of outside study is required in college for every semester hour spent in the classroom.

How to Budget Your Time

1. Plan your day around your time for study.
2. Follow a study schedule for each of the six working days of the week. The following is an approximate distribution of the time of these six days.
 - a. 48 hrs. sleep
 - b. 20 hrs. dressing and meals
 - c. 36 hrs. study
 - d. 20 hrs. classwork and lab work
 - e. 20 hrs. physical exercise, recreation, conversation, leisure time and general reading.
3. Arrange a study period, if possible, just before or after the class period. Do not hesitate to study a lesson on Saturday for the following Tuesday. Then you will need merely a good review of it on Monday evening for the next morning.

Dr. Joel Cunningham
President

Joel Luther Cunningham was inaugurated as the thirteenth President of Susquehanna University on September 29, 1985. He came to us in 1979 as Vice President of Academic Affairs, Dean of Faculty, and Professor of Mathematics. Since he has almost completed his thirteenth year here as President, we would like to acknowledge his concern and devotion to our school and to the students. President Cunningham is very well respected by both the faculty and the student body. His presence on campus has the ability to motivate people to realize their full potential. Thank you, President Cunningham.

Gail, as you leave Susquehanna let another phase of your life comes to an end. We have watched with great pride as you have moved from phase to phase. From that beautiful but helpless little girl in the nursery at Kent County Hospital in Rhode Island. To the determined toddler who refused to crawl up and down steps but insisted on walking upright just like the adults. To the shy elementary student whose teachers' biggest complaint was that, "She won't talk." to the determined bassoonist who won a place in Monroe-Woodbury's award winning Wind Ensemble. To the young adult who served on the Pastor-Parish Relations Committee who won praises from the adults for knowing the right questions to ask. As you embark on yet another phase, we know that you will bring us great joy and pride. Love, Mom and Dad
